Continues to run underwater, in severe in-ditch environments, unlike electric or gas powered tools.

Saw It® Vise and Saw It® Blade Guides should be added for extra stability.

No fumes like gas powered cut-off saws.

Site preparation requires less excavation than some cut-off tools.

TantaLITE™
Mechanical Solutions Pvt. Ltd

Saw It® pneumatic reciprocating saw is a good choice for cutting plastic and steel pipe and a great cutting tool for hard-to-reach places.

Safety deadman switch for instant off when throttle is released.

Pneumatic (air) motor eliminates electric shock hazard.

REED

'Pneumatic reciprocating saw'

REED Reciprocating saw

MODEL.: TantaLITE PR Saw - SAWITSD2

Specifications :

PR Saw with Safety Deadman Switch

Pipe Diameter [1]

in-nom. [1] up to 24" max.

mm-nom. [1] up to 610 max.

Maximum Power 2.0 HP, 1.5 kW

Air Consumption 40 cfm @ 90 psi (18.9 l/s @ 6.2 BAR)

Application Aluminum, Copper, Plastic, Steel/Stainless Steel Sch. 40, Steel Tubing

Weight

lbs 21.5

kg 9.8
